

Sexual violence and sexual harassment between children in schools and colleges

Peer on Peer Abuse Policy

Context

Sexual violence and sexual harassment can occur between two children of any age and sex. It can also occur through a group of children sexually assaulting or sexually harassing a single child or group of children.

Children who are victims of sexual violence and sexual harassment will likely find the experience stressful and distressing. This will, in all likelihood, adversely affect their educational attainment as well as their emotional well-being. Sexual violence and sexual harassment exist on a continuum and may overlap; they can occur online and offline (both physically and verbally) and are never acceptable. It is important that all victims are taken seriously and offered appropriate support.

Reports of sexual violence and sexual harassment are extremely complex to manage. It is essential that victims are protected, offered appropriate support and every effort is made to ensure their education is not disrupted. It is also important that other children, adult students and school and college staff are supported and protected as appropriate.

Policy

We believe that all children have a right to attend school and learn in a safe environment. Children should be free from harm by adults in the school and other children.

We recognise that children are capable of abusing their peers and this will be dealt with under our child protection policy and in line with KCSiE (2019)

We are clear that sexual violence and sexual harassment is not acceptable, will never be tolerated and is not an inevitable part of growing up

We will minimise the risk of peer on peer abuse by:-

Prevention:

- Taking a whole school approach to safeguarding & child protection
- Providing training to staff
- Providing a clear set of values and standards, underpinned by the school's behaviour policy and pastoral support system, and by a planned programme of evidence based content delivered through the curriculum.
- Engaging with specialist support and interventions.

Responding to reports of sexual violence and sexual harassment:

- Children making a report of sexual violence or sexual harassment will be taken seriously, kept safe and be well supported.
- If the report includes an online element staff will be mindful of the Searching, Screening and Confiscation: advice for schools (DfE 2018) guidance.
- Staff taking the report will inform the DSL or their Deputy as soon as practicably possible but at least within 24 hours.
- Staff taking a report will never promise confidentiality.
- Parents or carers will normally be informed (unless this would put the child at greater risk).
- If a child is at risk of harm, is in immediate danger, or has been harmed, a referral will be made to Children's Social Care (01329 225379).

Risk Assessment:-

Following a report the DSL will make an immediate risk and needs assessment on a case-by-case basis.

The Risk assessment will consider;

- The victim, especially their protection and support.
- The alleged perpetrator, their support needs and any discipline action.
- All other children at the school.
- The victim and the alleged perpetrator sharing classes and space at school.

The risk assessment will be recorded and kept under review.

Where there has been other professional intervention and/or other specialist risk assessments, these professional assessments will be used to inform the school's approach to supporting and protecting pupils.

Action: The DSL will consider:-

- The wishes of the victim.
- The nature of the incident including whether a crime has been committed and the harm caused.
- Ages of the children involved.
- Developmental stages of the children.
- Any power imbalance between the children.
- Any previous incidents.
- Ongoing risks.
- Other related issues or wider context.

Options: The DSL will manage the report with the following options:-

- Manage internally
- Early Help
- Refer to Childrens Social Care
- Report to the police (generally in parallel with a referral to Social Care)

Ongoing Response:

- The DSL will manage each report on a case by case basis and will keep the risk assessment under review.
- Where there is a criminal investigation into a rape, assault by penetration or sexual assault, the alleged perpetrator should be removed from any classes they share with the victim.
- The DSL will consider how best to keep the victim and perpetrator a reasonable distance apart on school premises and on transport where appropriate.
- Where a criminal investigation into a rape or assault by penetration leads to a conviction or caution, the school will take suitable action. In all but the most exceptional of circumstances, the rape or assault is likely to constitute a serious breach of discipline and lead to the view that allowing the perpetrator to remain in the same school or college would seriously harm the education or welfare of the victim (and potentially other pupils or students).
- Where a criminal investigation into sexual assault leads to a conviction or caution, the school or college will, if it has not already, consider any suitable sanctions in light of their behaviour policy, including consideration of permanent exclusion. Where the perpetrator is going to remain at the school or college, the principle would be to continue keeping the victim and perpetrator in separate classes and continue to consider the most appropriate way to manage potential contact on school and college premises and transport. The nature of the conviction or caution and wishes of the victim will be especially important in determining how to proceed in such cases.
- The victim, alleged perpetrator and other witnesses (children& adults) will receive appropriate support and safeguards on a case-by-case basis.
- The school will take any disciplinary action against the alleged perpetrator in line with behaviour and discipline in schools.
- The school recognises that taking disciplinary action and providing appropriate support are not mutually exclusive actions and will occur at the same time if necessary.

Physical Abuse

While a clear focus of peer on peer abuse is around sexual abuse and harassment, physical assaults and initiation violence and rituals from pupils to pupils can also be abusive.

These are equally not tolerated and if it is believed that a crime has been committed, will be reported to the police.

The principles from the anti-bullying policy will be applied in these cases, with recognition that any police investigation will need to take priority.

Policy Review:

This policy is reviewed annually by the school's Governing Body.

Last adopted: 15th September 2020
